

ID PROJECT

**DONATE
APPLY
CONTACT**

Queensland Youth Services has launched the **Identification (ID) Project** to ensure that young people in unsafe or unstable situations are able to access their ID documents when they need them.

WHY IS THIS IMPORTANT?

Identification is a human right, however without a supportive home environment, or income, identification documents are hard to obtain, especially for vulnerable youth. Without ID, leading an independent life is nearly impossible.

DONATE

The Queensland Youth Services (QYS) ID Project exists to ensure young people (aged 12 to 25 years) in unsafe or unstable situations can access necessary identification documents when they do not have the resources or support to do so on their own. The ID Project is a fund which relies solely on community-based donations (i.e. it is not a privately funded program) launched by QYS to assist young people in need, therefore funding capacity is limited and dependent upon QYS' existing pool of donated funds.
